

Good morning,

My partner and I moved into Woodlands, Greatmans way Stoke Ferry in February, the previous owners kept a horse at the property.

we have a 2 acre plot and keep our 2 horses on the paddock behind the house, our immediate neighbours have a horse and a property down the road has several horses, plus there are horses in little mansway behind our property, we are a short distance from the bridle paths, I would like to build an all weather 40m x 20m menage so as to be able to ride all year round, I do not need any floodlighting and it is for our personal use only
regards

Steve Allen
