- Free Standing
- Pressure treated timber from renewable sources
- Flat packed with clear easy to assemble instructions, fixtures and fittings
- Automatic bin lid opening via connecting chain
- Made in UK
- 10 year guarantee

Why Buy a Bin Store?

Okay, you have to have a bin, in fact your local council probably insists on your using a wheelie bin. But no one wants ugly wheelie bins standing around their property, they look bad, smell bad, and definitely don't add to curbside appeal. So why not invest in a wheelie bin store? You'll be able to hide those horrible bins out of sight, but you'll still be able to access them when you need to!

How Big?

So, this is a double chest, which means it fits two bins in the same storage, so it's a great choice for families. Wheelie bins do come in different sizes though, so you'll want to make sure that you're getting the right size for your bins. At the bottom of this page there is a size guide if you are unsure. The standard household bin is 240 litres so in most cases that's the one you'll want, but please do check. We stock three available size:

Standard Sizes

Double Wheelie Bin Storage for 2 x 140 Litre Bins

- External Dimensions: 1200 x 1230 x 640mm (H/W/D)
- Internal Dimensions: 1090 x 540-540 (Each Compartment) x 570mm (H/W/D)

Double Wheelie Bin Storage for 2 x 180 Litre Bins

- External Dimensions: 1200 x 1230 x 804mm (H/W/D)
- Internal Dimensions: 1090 x 540-540 (Each Compartment) x 750mm (H/W/D)

Double Wheelie Bin Storage for 2 x 240 Litre Bins

- External Dimensions: 1200 x 1450 x 804mm (H/W/D)
- Internal Dimensions: 1090 x 650-650 (Each Compartment) x 750mm (H/W/D)

What Materials?

You don't want to invest in something that's going to fall apart, understandably, but here you don't need to worry. The double chest store is made from top quality pressure treated redwood. Redwood is the hardest soft wood, so it's very long lasting whilst still being light, and pressure treating it makes it more durable and more damp proof. Rain, snow, ice or hot sun, it doesn't matter, this chest can take it all. It looks great, and if you want to keep it looking great then all you'll need to do is treat the chest with stain once a year, how easy is that?

The chest is UK made too, so you can support domestic products. It's produced in the Ribble Valley in Lancashire. A big supporter of environmental causes? You don't need to feel guilty here, since this chest is made only from renewable wood sources.

What Else Do I Need to Know?

Alrighty, so take a look at that lid and you'll see that it slopes gently to either side. That means that rain runs right off, and snow slides off too (meaning heavy weight doesn't stay on the lid). Plus, there's a chain connection that allows you to tie the lid of the chest to the lid of your wheelie bins, meaning you can open both lids at the same time with one hand, leaving your other hand free for the rubbish bag.

Taking your bins in and out couldn't be easier either, since there are two front, bolted doors giving you easy access when the bin men come. Those bolts and the hinges and lid handles are all metal, so long lasting, but if you need a little more security you can opt for a hasp that allows you to fit a padlock to those doors – we can fit this for a nominal cost – just contact us and we'll sort it out for you.

The unit is self standing, so you can really put it anywhere. However, if you worry about high winds or even theft you can anchor the chest to the ground if you choose to.

Bottom Line Time

Don't want to look at ugly wheelie bins? You don't have to. This Double Chest Wheelie Bin Store is a great solution to the problem of unsightly bins. It will come flat packed with clear instructions, and can be easily put together in an hour or two. Make your property look fantastic with a UK produced, top quality wheelie bin store!

REVIEWS (3)

★★★★☆ David Shaw – December 13, 2015:

My wife hates the look of wheelie bins, so this bin store was ideal for us.

I priced up timber to knock something together myself but this was a better option and I'm glad we bought it.

The items comes well packed on a pallet and took me about an hour to put together. Very solid unit and looks good. The only negative was 6 days for delivery. Cheers.

★★★★★ **Sally Laithwaite** (verified owner) – December 18, 2015:

Really nice storage unit with lots of room for the 240L wheelie bins. Instructions are pretty good, and it is quite simple to make. But it still takes a good couple of hours for 2 people if you're not used to putting things like this together but overall it looks fantastic.

★★★★★ **Mike Sharp** (verified owner) – January 27, 2016:

Very good service and delivery

Well made sturdy frame & T&G boards

Took time to apply wood preservative before assembly & painted metal parts with Hammerite

Easy construction with help from a couple of clamps / wedges I made a couple of stays to hold lids up when tipping

lots of items in bins, plenty of screws provided

Finished item looks good & hides our bins which have to be in the front of house

Good product

SIZE GUIDE

In most instances the size wheelie bin cover you will need is the 240 litre model. This is the **standard household wheelie bin size** in the United Kingdom. If you aren't sure use the image below:

Many bins have the size written on the lid. If you have any questions or aren't sure what to order please [contact us](https://www.wheeliebinstorage.co.uk/contact-us/) (<https://www.wheeliebinstorage.co.uk/contact-us/>) or use our live chat between 9am-4.30pm Monday to Friday.
