

**APPLICATION FOR PLANNING PERMISSION & LISTED BC
THE HUNDRED, 2-4 HIGH STREET, FORDINGBRIDGE**

PROPOSED REMOVAL OF CANOPY
REPLACEMENT OF RAILINGS

BIO-DIVERSITY STATEMENT

FEBRUARY 2024

TP.21185

The planning and listed building application proposes the removal of a Perspex canopy and the replacement of existing railings.

The application is submitted because the end of the canopy is affixed to a listed building. Had this not been the case, an application would not have been necessary.

In view of the very limited nature of the work, it is considered that a bio-diversity survey and report is not required.
