

REPAIRS AND MINOR INTERNAL ALTERATIONS

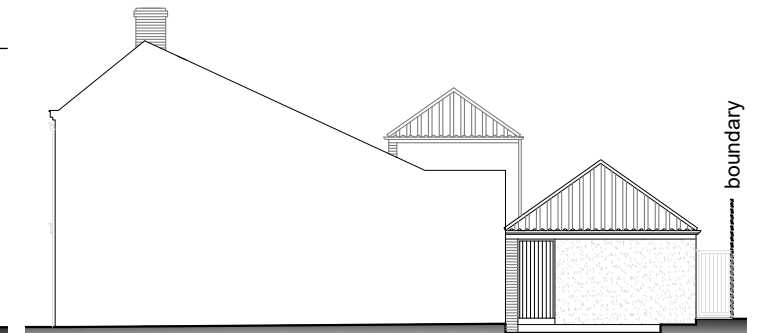

Proposed Street Elevation showing front gate
1:100 @ A3

- Front windows to be repaired if necessary. Replacement of existing inefficient secondary glazing for new efficient secondary glazing by specialists.
- Fanlight to be repaired as necessary and maintained.
- Traditional solid timber door leaf produced by local specialists - The Joinery Workshop. Style as existing and seen on immediate street scene comprising of two glazed panels at the top of the door leaf.
- Traditional solid timber front gate to match existing on neighbouring property (image of gate provided).

Proposed Front Elevation
1:100 @ A3

Proposed Side Elevation
1:200 @ A3

Proposed Rear Elevation
1:100 @ A3

Areas with unattractive modern LBC brickwork on the rear elevation, proposed to be rendered to maintain consistency and match the two storey link between the original house and the garage.

Proposed Side Elevation
1:100 @ A3

New areas of wall proposed to be rendered to match the two storey link between the original house and the garage.

New wall to be rendered at ground floor level to match existing render above.
